Hello Suzanne and Randy,

Happy Thanksgiving,

As part of our preparation to break ground on the construction of the South Anchorage Food pantry/Life Center, our design and construction team had a meeting recently. In that meeting, our architect Paul Baril of Nvision Architecture notified us of a potential zoning problem with the O'Malley location regarding restrictions on the number of major buildings on one lot.

The architect is currently preparing the Life Center's site plan in preparation for the MOA administrative site review and permitting process.

However, there are a couple of options that are on the table that we would love to discuss with you before proceeding. Could you please make time available sometime next week for a phone or zoom conference call? Please let me know which days and times work best for you.

Thanks.

Prince Nwankudu

President

Hello, Prince,

My schedule varies but I am in town from now until the end of the year. If there's a particular week you're looking at then I can give some specific time slots.

Regards,

Suzanne
